SEA ITALIA DISTRIBUTOR

We always strive to bring you the very best supplies, and our recent appointment as the exclusive UK distributor for SEA Italia means we can now provide you with even more high performance HVAC solutions. Relied on by leading brands, SEA Italia has a 35-year history of designing and manufacturing mobile air-conditioning systems for work vehicles ranging from ambulances and mini buses to military and agricultural machines. We're confident that whether it's a customised or "off the shelf" aircon system you're after, we'll be able to find you a SEA Italia solution.

OLD HAND TO HEAD UP OUR NEW DIVISION, AP AUTO

Recognising the increasing demand for vehicle air-conditioning servicing, we've launched a new division called AP Auto, which specialises in the supply of AC service machines, tools, consumables and City and Guilds refrigerant handling training. We are pleased to announce that Dave Talbot has joined the company to help us develop this venture. We will be putting Dave's 20 years' experience within the automotive cooling and heating sector to good use, so watch this space!

THIS MONTH'S BLOG

Head to the website for our latest blog, which explains why not replacing your receiver-drier regularly will jeopardise the health of your air-conditioning system.
